

REMARKS

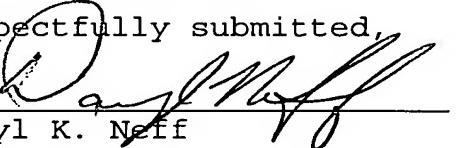

This Amendment is submitted simultaneously with a Response to Restriction Requirement in which Applicants have elected the invention of Group I, species A) original claims 1-5. By the present Amendment, non-elected claims 6-51 have been canceled without prejudice. Also, in order to clearly set forth that which is regarded as the invention and to conform the claim to the requirements of U.S. practice, claims 1-5 are canceled and rewritten herein as claims 52-56. Claims 57-59, which depend from claim 52, are submitted herein as being drawn to the same elected species of the invention. No new matter is included in these amendments.

In view of the above, it is respectfully requested that these amendments now be entered, and that prosecution on the merits of this application now be initiated. If, however, for any reason the Examiner does not believe such action can be taken, it is respectfully requested that he telephone applicant's attorney at (908) 654-5000 in order to overcome any objections which he may have.

If there are any additional charges in connection with this requested amendment, the Examiner is authorized to charge applicant's Deposit Account No. 12-1095 therefor.

Dated: September 20, 2005

Respectfully submitted,
